## Insane Asylum.

Following is the report of the Superintendent of the Insane Asylum for the quarter ending December 31, 1889:

Honolulu, January 13, 1890.  
His Excellency, Hon. L. A. Thurston, Minister of Interior: Sir—I have the honor to submit to Your Excellency my report of the Oahu Insane Asylum for the quarter ending December 31, 1889. As per last report there were in the Asylum September 30, 1889—

Sixty-four patients.....64  
Number of patients out on furlough at same date.....3  
Whole number on register.....67  
Number of patients admitted during quarter.....8  
Total.....75  
There have been no deaths and no discharges during the quarter.

Number on the asylum register Dec. 31, 1889.....75  
Number of patients out on furlough.....4  
Whole number in the asylum Dec. 31, 1889.....71  
Increase during quarter.....7

One serious case of assault by one patient upon another occurred during quarter, which seemed likely to prove fatal. I am happy to be able to report, however, that the injured patient has made a good recovery. This was the first case of serious assault since I have had any connection with the asylum. As the patients are allowed so much more freedom than formerly, I think the record in this respect is very satisfactory. I have nothing of interest to add to the present report. I have the honor to be, very respectfully, your obedient servant,  
S. G. TUCKER, M. D.,  
Supt. Oahu Insane Asylum.

## Valuable Real Estate! At Auction.

## In the Business Center of Honolulu

The attention of Capitalists, Trustees and Real Estate Investors, is called to one of the most important sales of Real Estate, for business blocks, ever held in Honolulu: the property being situated in the heart of the city and bounded by

NUUANU, HOTEL & BETHEL STREETS.

The undersigned has received instructions to offer for sale by auction, at his salesroom, Queen street,

Saturday, Jan. 25, 1890,

AT 12 O'CLOCK NOON.

The whole of that valuable city property, known as the

"BOOTH ESTATE"

(Excepting only the corner lot on Nuuanu and Hotel streets, owned by Mr. James Olds.)

Containing in all 16,000 Square Feet.

This is the most compact and desirable piece of property in Honolulu, and being situated in the heart of the retail business quarter of the city, between the two main arteries of traffic (Fort and Nuuanu streets), leading to and from the wharves and harbor, it will have a value for all time, and therefore holds out unusual inducements to capitalists, as a remunerative and permanent investment.

The main frontages of this property are 40 feet on Nuuanu street, 93 feet on Hotel street and 125 feet on Bethel street, which three streets have been recently widened by the Government to 40 feet each, and finely macadamized and graded throughout, rendering them the finest thoroughfares in the city. A new street of 12 feet width, which runs through the center of the property from Nuuanu to Bethel streets, has been donated by the owner of the block, and this will give additional street frontage of 195 feet on one side of the new street and 91 feet on the other, to all the lots to be sold, leaving no lot without a valuable street frontage and to some of them very desirable and valuable street corners.

Another advantage of this fine property as an investment, is its excellent sanitary conditions, and being on the highest part of the city, near Hotel street, it will have excellent drainage for buildings erected thereon, and being of sufficient elevation, permits the construction of deep cellars, on account of being beyond the reach of tide water.

The block has been sub-divided into building lots, numbering 1 to 12, as can be seen on a large new survey map, now on view at my salesroom.

The title to the property is perfect. Terms of sale are one-third cash, one-third year, and one-third two years, with interest at 6 per cent per annum.

An examination of this property is solicited, and is confidently recommended as a permanently remunerative investment.

For fuller particulars and information apply to

Jas. F. Morgan.

153-td AUCTIONEER.
